

Nitin Choudhari
Assistant Manager
Tata Business Excellence Group

Nitin Choudhari is an Assistant Manager with the Competency Development Team at Tata Business Excellence Group (TBExG). He plays an integral part in Competency Development by managing the various programmes in the areas of Business Excellence, Data Excellence, Cyber Excellence, Social Excellence, and Safety Excellence across Tata group companies.

Nitin started his career as an administrator with TBExG in 2010. He has rich program management experience, including nomination, venue management, result announcement, and certification. He has also been instrumental in developing the in-house Learning Management System hosted in iLEARN2.0 and the User Profile Management System.

In addition to multiple programme management, he leads the vendor management and accounting process (account receivables and payables) for Capability Building. He also leads the effort on BELBIN Assessment for all required Assessors. In addition, he leads the effort in ensuring that the user database is up-to-date, supports organisations with their efforts in completing BEAM e-modules and helps report the progress status in a predefined frequency.

Nitin holds a Master's degree in commerce from Pune University and a postgraduate diploma in Human Resource Management from Symbiosis University, Pune. He is a certified Internal Safety and Health Management System (TSHMS) professional and recently attended the Demystifying Analytics - Data Visualisation Programme in September.

Nitin is based out of Pune.
