Prasad Kulkarni
Project Lead
Tata Business Excellence Group

Prasad Kulkarni is Project Lead and works with the Best Practices team. He handles the EDGE Webinar process with end-to-end activities and facilitates scheduling, executing webinars and post webinar analysis activities in group companies. He is also responsible for managing IT, admin, travel and back office support activities for all TBExG events and other major group activities. He helps with other adhoc processes within TBExG and group companies.

Prasad is a certified Six Sigma black belt from the American Society of Quality. He started his career with Infosys as an Associate, where he gained experience by working in manufacturing of technology products, technical development and support for a global hardware client. Prior to joining TBExG, he was leading the back-office support teams of the hardware and telecom client at various locations and worked as a domain consultant handling projects at offsite locations. He also has experience with Project Management, Data Analytics, Client Management and Process Re-engineering.

Prasad has a bachelor's degree in Computer Science from Pune University and has completed his post-graduation in Operations Management (PGDBM) from Symbiosis Pune.
