
Suresh Tanwar
Chief - Group Safety & Health
Tata Business Excellence Group

Mr. Suresh Tanwar is Chief - Group Safety & Health at Tata Business Excellence Group (TBExG). In his current role, Suresh is steering and leading efforts across Tata group companies in the journey of Safety Excellence. He leads various strategic and alignment initiatives, which aim to enhance safety performance and develop positive safety culture within various Tata companies.

Prior to his role in TBExG, Suresh was with Tata Motors, where he was Vice President – SHE & Sustainability for all locations of Tata Motors.

Suresh is a Mechanical Engineer, qualified Safety professional and has a background of SHE in both Indian conglomerates and leading multinational corporations. His experience encompasses global conglomerates which include Tata group chemical companies (Tata Chemicals and Rallis India); Johnson & Johnson, Castrol / British Petroleum and Essar Steel. In his diverse roles, Suresh has travelled overseas, presenting papers, imparting Safety training, and facilitating and conducting Safety audits in the companies that he has worked for.

Suresh is an international member of American Society of Safety Engineers (ASSE). He is a seasoned safety professional and a recognised expert on Safety in India. He is a frequent speaker and member of panel discussions in national and international conferences on Safety & Health.
