Tata Chemicals and Titan share IPR and New Product Development related practices with JAMIPOL

JAMIPOL wanted to understand IPR-related practices such as IP awareness, IP application writing, to support IP activities and building innovation culture in other Tata companies. TBExG facilitated best practices sessions with Tata Chemicals and Titan. The Tata Chemicals' session covered topics like science-led innovations, digitisation, and sustainability. Session at Titan included latest technology and innovations, NPD targets, date and gate delivery and proto management system
