
EDGE Webinars

As part of the Best Practices initiative, TBExG conducts a series of webinars on various topics, ranging from safety, operations excellence, business excellence, change management, project management, etc. These webinars are conducted on a weekly basis, and deal with subjects which have appeal for employees across the Tata group.

In addition to the webinars by the subject matter experts from within the Tata group, TBExG has also partnered non-Tata organisations like McKinsey, KPMG, Bain, E&Y, ASQ, APQC, SCIP, etc. to conduct webinars on a variety of subjects that are of interest to Tata companies.
